# CLASSIC COLLECTION

# SELECTING THE RIGHT MATTRESS

On average, we spend a third of our lives in bed. This is a well-used phrase, but without sleep we wouldn't be able to perform our usual daily routines. For this reason it is important to find a mattress that is suited to you and your partner so that you wake every morning feeling refreshed and revitalised ready for the new day.

Perfect support is achieved when your spine is in neutral alignment. This applies when standing, sitting or lying down, perfect posture is the key to a good night's sleep.

Too Soft

Spine is out of neutral alignment. The spine bows downwards creating pressure around

Perfect Support

Spine is neutral and in line. The heavier parts of the body, the knees, hips and shoulders are correctly supported.

Too Firm

Spine is out of neutral alignment. Spine bows upwards creating pressure around the shoulders and knees.

# IT'S WHAT'S INSIDE THAT COUNTS

# Spring into comfort

At the heart of all our Classic mattresses is the Relyon classic pocket spring, manufactured at our factory in Wellington, Somerset. Comfort is never determined by a number. All of our pocket spring systems are considerately engineered using the latest steel alloys, the perfect wire gauge, tension and geometry. The result? The perfect pocket spring designed to work in harmony with your body.

The individual springs are encased in their own separate pockets, permitting them to move independently, continually supporting your body shape and weight even as you move around.

A pocket sprung mattress is a great choice if you or your partner tend to turn a lot during the night. In mattresses with a double layer of pocketed springs, the upper springs shape to the body contours while the lower layer absorbs changes in weight distribution for the ultimate in comfort and support.

# Naturally comfortable

Drawing upon the many years of bed making experience, we understand the intricacies of layering different upholstery blends upon the core pocket springs, to create a range of supremely comfortable beds, which will meet the comfort needs of any individual.

Carefully selected natural fillings are chosen for their unique breathable and moisture management properties keeping the mattresses fresh and dry, whilst providing luxurious levels of comfort and softness.

Our Classic Collection remains true to our natural heritage by using a wide array of sustainable natural fibres. Cashmere, silk, wool, latex, cotton and lambswool featuring throughout the range.

# SLEEPING SOUNDLY WITH RELYON

## Sound quality

Our journey to make the best beds in the world does not start on a production line, it starts with our suppliers, whom we work with to ensure we only ever select the very best ingredients for our luxury beds.

Quality without compromise is at the heart of everything we do, which is why we were the first bed manufacturing company to be awarded a highly prestigious Manufacturing Guild Mark by the Worshipful Company of Furniture Makers.

We are also proud to have been awarded the prestigious BSI Kitemark for domestic furniture, demonstrating the high levels of safety and reliability that go into our Relyon brand. Such accreditation ensures our products are of the very highest quality.

KM 734977

## Environmentally sound sleep

Today our sustainable and environmental credentials remain as strong as ever. We continually invest in reducing our energy and water consumption and were the first bed manufacturing company to fit low energy lighting across our entire manufacturing estate.

The timber we source is either FSC or PEFC certified as is the paper we use to print our literature. We purchase all our energy from 100% green tariffs and transport our products on the most fuel efficient and aerodynamically sound distribution fleet available. All this and more because we want you to sleep soundly knowing our beds do not cost the earth.

# PENCARROW PILLOWTOP 2850

# THE CLASSIC BED OF YOUR DREAMS

The Classic Collection has been designed to make finding your perfect bed as easy as one two three.

#### 1) Choose your mattress

The key to owning the perfect mattress is to take your time trying them.

Consider your sleeping positions and the most comfortable size. Bear in mind that a larger bed will typically give you more space to enjoy an undisturbed night's sleep.

#### 2) Choose your divan

Complement your mattress and refine it's comfort by selecting the Classic divan that suits you best. Consider adding storage to your divan from a selection of drawer options or an ottoman base.

#### 3) Choose your headboard and fabric

Your perfect mattress and divan can be tailored to suit your individual taste and home decor with a Classic Collection headboard. Choose from a vast array of stylish fabrics to complete your perfect bedroom.

# DIVAN OPTIONS

The marriage between mattress and divan is very important to your comfort and the choice of divan will fine tune the feel your mattress, whether you wish it to be firmer with a padded top divan or softer with a firm edge sprung divan.

## Firm edge sprung divan

Open coil spring unit sits inside a wooden sided frame. The spring unit softens the comfort of a mattress and the firm edges help prevent "roll off" on the side of the bed.

- Standard height option 41.5cm
- Low height option 32cm
- Medium feel
- · Drawer options available on standard height

# Padded top divan

High quality timber frame to provide a firmer feel.

- Height options available; standard or low
- Standard height including castors: 41.5cm
- Low height including castors: 32cm
- Extra firm feel
- Drawer options available

## Padded top ottoman

Ingenious storage solution option, more storage space than a drawer divan.

- Height including castors: 41.5cm
- Manual and electric options available
- Extra firm feel

# Padded top on legs

Provides a lower overall height. The solid beech cone legs lift the low profile box base up from the floor for a stylish look.

- Height including legs: 31cm
- Extra firm feel

# SPACIOUS DRAWERS

Storage is a precious commodity in most modern homes. Our superior quality drawers feature steel ball bearing runners for a brilliantly smooth operating action, and are the perfect bedroom tidying solution. All drawer options are available on our sprung edge and padded top divan options.

Divan drawer specifications	Width	Length	Height for internal storage	Storage weight limit
Large drawers	77.5cm	51cm	15cm	15kg
Small drawers	37cm	51cm	15cm	15kg

## Drawer Considerations

- Will you be able to open the drawer?
- Do you have bedside tables?
- How much storage do you actually need?

# OTTOMAN STORAGE DIVAN

The padded top ottoman divan is an ideal solution if space is limited in your bedroom as it provides generous storage space for linen, towels or clothes. A king size  $(150 \times 200 \text{cm})$  ottoman divan has six times more space than a two drawer divan. The ottoman divan has gas rams and hand holes to make it easier to open. Suitable for all mattresses in the Classic Collection.

Height including castors	Height for internal storage	Maximum height with the lid open without mattress	Storage weight limit
41.5cm	25cm	141cm	25kg per compartment distributed evenly across the compartment area

# HEADBOARDS

To personalise and complete your Relyon Classic mattress and divan we have designed a range of 14 headboards offering a blend of modern, traditional and contemporary styles. Available in a host of fabric options and heights, these beautifully hand-crafted headboards will form the centre piece of your dream bedroom.

# FABRIC OPTIONS

From textured upholstery to luxurious velvets, all in a variety of colours, this wide selection of divan and headboard fabrics offer a stylish solution for any bedroom design. Whether you are looking for a classical divan set in a neutral colour or a coloured statement piece, the collection has a fabric to suit.

The fabric colours in this brochure may vary slightly from the actual colours due to colour replication in the printing process.

## Benefits of choosing an Ortho mattress

One of the biggest mistakes we make when buying a new mattress is assuming that they're all the same – that one will work as well for us as it will for our best mate Joe, or maybe even Joe's girlfriend. But actually, your mattress choice is as individual as you are. So, if you find yourself moaning about aches and pains at the end of the day, it's time you found yourself a mattress that will address these daily annoyances and keep your other half happy.

## Orthofirm

800

for firmer support

Shown with a Contour headboard on a standard 2+2 drawer base in Boulevard Stone fabric Let the Orthofirm 800 guide you towards your best ever night's sleep, with 800 pocketed springs and ultimate support layers, designed to provide a firm but relaxing experience of pure slumber.

As with all our Ortho mattresses, the 800 is treated with our Bio-Protect fabric treatment and is incredibly durable thanks to its firm support insulators, making them the epitome of the Relyon® experience.

### COLLECTION

# The natural way to sleep

Made using fibres such as cooling Bamboo and soft Alpaca within the Wool layer, this luxurious collection will provide excellent layers of comfort and support, all while keeping you cool and dry. Our natural range combines the purest elements of nature to help you fall gently into a soothing slumber.

The Natural Plus 1600 is finished with an eCool technology quilt for that little bit extra to see you through the night.

## Natural Plus 1600

with natural fillings

Shown with a Monroe headboard on a base on legs in Irresistible Onyx fabric

# Natural Luxury **1400**

with natural fillings

Shown with a Contour headboard on a base on legs in Boulevard Stone fabric

The Luxury 1400 boasts a few additional fillings with Wool, Silk and Cashmere also hiding beneath the surface of this luxurious mattress. These fillings, combined with Tree Silk, Bamboo and Alpaca, make for a promising night of slumber.

The Luxury 1400 even includes an Eco-Comfort layer for maximum overnight moisture management and a Side Support System of springs, to prevent you from quite literally falling out of bed – come on, it can happen to anyone. Especially when you're this comfortable.

### Benefits of natural sleep...

A bad night's sleep can leave you feeling like it's the end of the world when you leave the house and realise you've got toothpaste all over your face and breakfast down your front...

There are so many benefits to getting a natural, peaceful night's sleep and giving you that much needed mood boost is one of them. Sink into the luxurious Naturals range next time you sleep and wake up rested and ready to take on the world.

# Natural Luxury **1000**

with natural fillings

Shown with a Curve headboard on a standard 2 drawer base in Bouffant Blue fabric

With a combination of natural fibres, including Wool, Alpaca, Tree Silk and Bamboo, you'll find yourself drifting off to sleep in superior comfort.

This layer is perfect for seasonal temperature changes and works in unison with the Eco-Comfort layer that wicks away moisture throughout the night, prolonging both the life of your mattress and your perfect night's sleep. What's more, underneath these layers is our **pocket springs** system – the ultimate in bedtime support.

# Family comfort and value

Our Comfort collection offers exactly what it's name suggests, the very best in pure comfort. And with no need to flip your Comfort mattress, you can simply rotate it clockwise – or anti-clockwise, if that's your thing – and enjoy a mattress that is as fresh as the day you bought it.

# Comfort Pure **1000**

with a sumptuous comfort laye

Shown with a Cirrus headboard on a standard base in Flint fabric

The Comfort Pure 1000 provides all the ingredients for an unsurpassed night of slumber.

Much more than a mattress, the Comfort Pure 1000 relies on a combination of 1000 individually pocketed springs and a sumptuous filling layer, all topped off with a deep quilted fabric that's so soft you won't want to cover it with a sheet.

### Benefits of Bio-Protect

Our specially formulated Bio-Protect fabric treatment is the all-natural solution to allergies and odours, keeping your mattress as fresh as you. This probiotic treatment may sound fancy, but it's really just a sure-fire way to protect your mattress and your family from all the nasties, including bacteria growth and dust mites – so one less thing to worry about.

The Comfort Pure 650 does exactly as the name suggests, providing you with pure comfort thanks to its double-decker, open-coil springs and deep, white fibre for added cushioning.

As with all our Comfort Collection mattresses, the Comfort Pure 650 feels sturdy yet comfortable and does not require turning in order to stay as fresh as the day you bought it.

- $\mbox{\ensuremath{^{+}}}$  The Comfort Pure 650 is only available in Mountain Grey fabric. It is also only available with the Contour headboard. Please see pages 36-37 for details.

The perfect mattress is a retreat for your body, mind and soul. A constant place of health and well-being away from the rhythm of our daily lives. A place we return to for a great night's sleep and rely on to awake feeling refreshed and revived ready for the glories of the day ahead.

It is said that time costs nothing, but at Relyon we say that time is invaluable. Selecting the perfect mattress should take all the time it needs. After all, it is an investment in your future health and well-being and the benefits are priceless.

Perfect support is achieved when your spine is in neutral alignment. This applies when standing, sitting or lying down, perfect posture is the key to a good night's sleep.

**Too Soft**Spine is out of neutral alignment. The spine bows downwards creating pressure around the hips and lower back.

Perfect Support

Spine is neutral and in line. The heavier parts of the body, the knees, hips and shoulders are correctly supported.

Too Firm

Spine is out of neutral alignment. Spine bows upwards creating pressure around the shoulders and knees.

## SOMERSET ARTISANS

From grandparents, to parents, to sons and daughters, generations of Somerset artisans have passed down their aprons of knowledge keeping very much alive the traditional skills that make Relyon beds, the best beds in the world.

The natural comfort experts

Traditional hand side stitching

Our divan making skills are unparalleled. Our hand lashed, hand side stitched, traditionally cane edged and tufted divans are the envy of the bed world and epitomise Relyon's commitment to preserving heritage bed making skills that would be lost, but for our efforts.

## LUXURY FROM NATURE

### Cashmere

Renowned for its luxurious, but resilient soft fibres, cashmere is also wonderfully insulating and absorbent. The goat naturally sheds its winter coat from which the super soft under down fibre is collected.

#### Cotton

We only use extra-long staple fibre cotton because of its incredible durability and super soft characteristics. Exceptionally breathable and highly absorbent, cotton is excellent at controlling body temperature through its superior moisture wicking properties.

## Horsetail hair

Utilised in construction, furniture, pottery and textiles for centuries, horsetail hair is the longest natural fibre and a key ingredient to our luxury beds. Twisted to provide extra resilience and bounce, horsetail hair is the perfect natural spring partner for our sumptuous beds.

### Lambswool

Typically reserved for high grade textiles, lambswool is the first wool shorn from young sheep. Soft and very elastic, lambswool also provides coolness in the summer and warmth in the winter and is highly prized as a mattress filling.

### Merino wool

Famed for its silky soft fineness Merino wool is not only sumptuous, but its hydroscopic properties encourage the evaporation of body moisture, ensuring a really comfortable sleeping environment.

## Mohair

Mohair is an ultra fine yarn produced from the hair of an Angora goat and is naturally resilient, soft and luxuriously comfortable. Nicknamed the 'Diamond' fibre for its superior lustre, mohair is warm in winter due to its excellent insulating properties, and remains cool in summer due to its moisture wicking properties.

## SPRING INTO COMFORT

At the heart of all our Heritage mattresses is the Relyon classic pocket spring. Manufactured at our factory in Wellington, Somerset, using a specially developed steel alloy that includes Titanium for class leading strength, comfort and durability.

Hand centre tied calico pocket springs

Comfort and support is never determined by a number. All of our pocket spring systems are considerately engineered using the latest steel alloys, the perfect wire gauge, tension and geometry. The result? The perfect pocket spring designed to work in harmony with your body.

## SLEEPING SOUNDLY WITH RELYON

## Sound quality

Our journey to make the best beds in the world does not start on a production line, it starts with our suppliers. Whether standing in a Somerset farmers field with our wool merchant or scrutinising our steel quality with our supplier in Derbyshire, we ensure we only ever select the very best ingredients for our luxury beds.

Quality without compromise is at the heart of everything we do, which is why we were the first bed manufacturing company to be awarded a highly prestigious Manufacturing Guild Mark by the Worshipful Company of Furniture Makers.

We are also proud to have been awarded the prestigious BSI Kitemark for domestic furniture, demonstrating the high levels of safety and reliability that go into our Relyon brand. Such accreditation ensures our products are of the very highest quality.

## Environmentally sound sleep

Relyon were the first company to develop recyclable mattresses back in 1858. Our pure wool mattresses were often re-purposed by their owners who took advantage of the resilient wool interiors for insulation or compost.

Today our sustainable and environmental credentials remain as strong as ever. We continually invest in reducing our energy and water consumption and were the first bed manufacturing company to fit low energy lighting across our entire manufacturing estate. The timber we source is either FSC or PEFC certified as is the paper we use to print our literature. We purchase all our energy from 100% green tariffs and transport our products on the most fuel efficient and aerodynamically sound distribution fleet available. All this and more because we want you to sleep soundly knowing our beds do not cost the earth.

# HERITAGE

The Heritage Collection by Relyon combines 160 years of time cultivated expertise, craftsmanship and excellence. Internationally renowned for hand crafting the best beds in the world, this collection of nine beds epitomises Relyon's continual quest for natural comfort, luxury and elegance.

## DESIGN YOUR PERFECT BED

The Heritage Collection has been designed to make finding your perfect bed as easy as one two three.

#### 1) Choose your mattress

The key to owning the perfect mattress is to take your time trying them. Consider your sleeping positions and the most comfortable size. Bear in mind that a larger bed will typically give you more space to enjoy an undisturbed night's sleep.

#### 2) Choose your divan

Complement your mattress and refine the comfort by selecting the Heritage divan that suits you best. Consider adding storage to your divan from a selection of drawer options or an ottoman base.

#### 3) Choose your headboard and fabric

Your perfect mattress and divan can be tailored to suit your individual taste and home decor with a Heritage Collection headboard. Choose from a vast array of stylish fabrics to complete your perfect bedroom.

## THE PERFECT DIVAN

The marriage between mattress and divan is very important to your comfort. Selecting the right divan is as important as selecting the right mattress. Divans can be selected to fine tune your mattress, whether you wish it to be firmer or softer.

## Hand side stitched pocketed divan

- Layer of pocketed springs
- Heavy duty open coil springs
- Hand tufted and hand side stitched
- Height 37.5cm
- Firmer feel
- Only available with the Emperor and Grandee mattresses

### Firm edge pocketed divan

- Pocketed springs inside a wooden sided frame
- Timber frame with solid sides, hard wood corner blocks and dovetail jointed timber drawers
- Drawer options available on standard height
- Standard height option 41.5cm
- Low height option 32cm
- Medium feel

## Padded top divan

- Standard height option 41.5cm
- Low height option 32cm
- Extra firm feel

## Padded top ottoman

- Ingenious storage solution option, more storage space than a drawer divan.
- Height 41.5cm

## Padded top on legs

- Low profile padded top base
- Height 31cm
- Solid beech cone legs
- Extra firm feel

## TRADITIONAL TIMBER DRAWERS

Storage is a precious commodity in most modern homes. Our superior quality drawer options are the perfect bedroom tidying solution. Available on our pocketed, firm edge pocketed and padded top divan options our drawers are constructed from solid timber with dovetail joints. For durability, we have developed steel ball bearing runners that have a brilliantly smooth action.

#### 4 Large drawer set

Single Double and above

2 Drawer set (2 Large drawers)

Double and above

#### Non storage

Artisan Features

- Solid hardwood timber
- Dovetail jointed for strength
- Steel ball bearing runners
- Ultra smooth operation

#### Drawer Considerations

- Will you be able to open the drawer?
- Do you have bedside tables?
- How much storage do you actually need?

Divan drawer specifications	Width	Length	U	Storage weight limit
Large timber drawers	77.5cm	51cm	15cm	25kg
Small timber drawers	37cm	51cm	15cm	25kg

## OTTOMAN STORAGE DIVAN

The padded top ottoman divan is an ideal solution if space is limited in your bedroom as it provides generous storage space for linen, towels or clothes. A king size (150 x 200cm) ottoman divan has six times more space than a two drawer divan. The ottoman divan has gas rams and hand holes to make it easier to open. Suitable for all mattress except the Emperor and Grandee.

Height including castors	Height for internal storage	Maximum height with the lid open without mattress	Storage weight limit
41.5cm	25cm	141cm	25kg per compartment distributed evenly across the compartment area

## HEADBOARDS

To personalise and complete your Relyon Heritage mattress and divan we have designed a range of 14 headboards offering a blend of modern, traditional and contemporary styles. Available in a host of fabric options and heights, these beautifully hand-crafted headboards will form the centre piece of your dream bedroom.

## FABRIC OPTIONS

From textured upholstery to luxurious velvets, all in a variety of colours, this wide selection of divan and headboard fabrics offer a stylish solution for any bedroom design. Whether you are looking for a classical divan set in a neutral colour or a coloured statement piece, the collection has a fabric to suit.

The fabric colours in this brochure may vary slightly from the actual colours due to colour replication in the printing process.
