Crafting Premium Upholstered Furniture

Siren Furniture is a brand rich in heritage and expertise specialising in design and manufacturing of upholstery since the turn of the century.

Housed in the iconic Harrington Mill in Long Eaton, the traditional heartland of UK upholstery, we offer a wide range of contemporary and traditional upholstered furniture for independent retailers and retail groups.

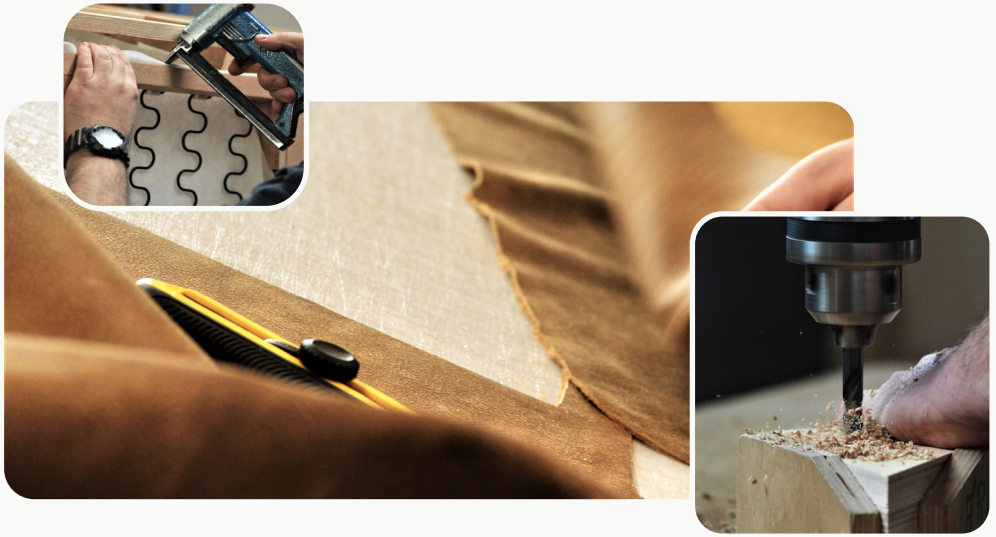

Our dedication to expert craftsmanship, strengthened with conscious strides towards reducing environmental impact, ensures our exclusive in-house designs are of the highest quality.

25 YEAR FRAME GUARANTEE

Quality, Bespoke Furniture: Expert Craftsmanship You Can Trust

At Siren Furniture, quality is at the heart of everything we do. All of our made-to-order products are meticulously hand-crafted by skilled artisans, combining traditional techniques with trend-led design that ensures the highest standards in our trusted factories.

We have long-standing partnerships with our chosen suppliers, the majority of which are family-run manufacturers, and hand-pick luxury fabrics and leathers from the reputable mills and tanneries across Europe. Each design is meticulously performance tested with a 25 year guarantee.

This deep-rooted collaboration ensures that we know our supply chain inside and out—from the selection of the finest materials to the final touches on each piece of furniture.

We are committed to taking care of the world's forests. Our FSC®-certified products are crafted from timber which is sourced from responsibly managed forests, recycled materials, and other controlled sources. We have also started to introduce recycled fillings and environmentally friendly foams as part of our journey toward greater sustainability.

The result is furniture that not only ensures comfort as standard, but luxury to last.

Alice

This sofa beautifully marries traditional charm with modern functionality. Its high, supportive back features a split cushion design, not only enhancing its visual appeal but also offering superior ergonomic support.

The carefully contoured armrest boasts an elegant, feminine silhouette, further complemented by generously fibre filled arm cushions adorned with piping for a refined, polished look.

The seat cushions, crafted from high quality foam and wrapped in fibre, provide an added layer of comfort, making this piece as inviting as it is stylish. Traditional design elements are artfully balanced by sleek metal feet, which lend a touch of modern sophistication to the overall aesthetic.

Versatile in nature, this sofa's elegant shape is the perfect fit for any interior, whether classic or contemporary. Its timeless design ensures it will remain a standout feature in any living space, effortlessly blending comfort and style.

Carrigart

A Modern Revival with Crafted Comfort

Carrigart is a contemporary reinterpretation of an archived Siren classic. Its defining feature is the softly padded arm, with a gentle curve that flows down the inside arm and across the seat platform. This considered line not only enhances the visual softness of the piece but also offers functional comfort - perfect for resting your head while lounging.

The bench seat cushion is filled with premium foam and wrapped in fibre for a luxurious yet supportive sit, with an optional split-seat configuration available for added versatility. Carrigart sits gracefully on rounded, conical wooden legs that elevate the silhouette with subtle elegance.

Dungloe

Soft Form, Modern Character

Dungloe is defined by its gentle, rounded silhouette - an inviting shape that brings warmth and softness to any interior. The signature T-cushion detail enhances its tailored look, while an inset wooden feature at the front of the arm introduces a crafted, contemporary touch. The wooden leg sits slightly tucked into the upholstery, further emphasising the sofa's plush, cushioned aesthetic.

Soft fibre-filled back cushions provide exceptional comfort, available in two styles: a button-detailed standard back for a refined modern look, or a scatter-back option for a more relaxed, traditional feel. The high quality foam seat cushions are sculpted to perfectly match the seat platform and wrapped in fibre for added softness, ensuring a luxurious sit every time.

Malin

Malin is defined by its thoughtful layering of comfort and form. An inner arm pad nests neatly between the outer arm and seat cushions, flowing from the front of the arm and wrapping gently around the back to create a distinctive double-back feature. Finished with refined top-stitch detailing to match the seat and back cushions, this layered approach adds both visual interest and a sense of tailored craftsmanship.

The outer arm provides subtle structure and style, softly sloping towards the front to allow the inner arm pad to drape naturally over it - enhancing the sofa's overall softness and inviting character. Foam seat cushions wrapped in fibre, paired with fibre-filled back cushions, deliver Siren's signature level of comfort.

Elevated on a stylish wooden foot, Malin balances sculptural design with luxurious comfort, compact proportions, making it a refined yet welcoming addition to any interior.

Soma

Where Form Meets Feeling

Soma brings together soft geometry and tailored design in a piece that feels both grounded and graceful. The gently rounded frame is enhanced by intricately seamed back and arm cushions, offering a sense of nesting comfort that invites you to settle in. Deep foam-filled seat cushions feature an innovative construction for lasting support and indulgent softness.

A refined fluting detail wraps around the outer arms and back, allowing Soma to shine as a statement piece - perfect for open-plan living. Elevated on substantial wooden feet, the design strikes a perfect harmony between masculine structure and feminine fluidity. Its modular components offer complete flexibility, enabling you to create the ideal layout for your space without compromising on style or comfort.

Contrast cushions are for decoration only and are not supplied with the sofa.

Somerton

The Somerton show-wood range is a modern take on a classic mid-century style, thoughtfully designed with attention to the finer details to blend superior comfort with lasting luxury.

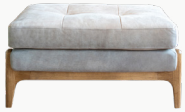

Consciously crafted with subtly curved clean lines to present an inviting, softer, sleek silhouette, Somerton's single foam and fibre-wrap seat cushion and plush back cushions offer ample space for a very comfortable sit.

The exposed solid ash wooden plinth and elongated legs are beautifully hand-finished to accentuate the natural grain, with fixed arms neatly finished with piping trim.

Contrast cushions are for decoration only and are not supplied with the sofa.

Chiba

A Modern Tribute to 25 Years of Craft

Chiba is a celebration of legacy and evolution, reimagined from a beloved archival design to mark Siren's 25th anniversary. With a nod to the past and a firm grasp on the present, Chiba responds to today's design landscape through sculptural form and tactile detailing.

The seat platform appears to float within an elegantly arched frame, enhanced by sewn-in flutes that wrap seamlessly around the outer back-offering visual rhythm and softness. The gently ascending arm, piped for definition, unites these crafted elements with considered precision.

Comfort is core to Chiba's design: a foam and fibre-wrapped seat cushion provides supportive depth, while a blown fibre back cushion delivers a plush, sink-in feel. The result is a timeless silhouette rooted in heritage, made for modern living.
