Flocked Floor Coverings

flotex[®]

creating better environments

FLOORING SYSTEMS

FLOCKED FLOORING IN SHEET, TILE AND PLANK

Flotex is a floor covering that looks and feels like a carpet without any of the drawbacks of a textile floor covering. It has a smooth, velour like surface that is comfortable to walk on and warm underfoot, with excellent slip resistant and acoustic properties.

flotex® colour

Three versatile and fresh designs make up the Flotex Colour collection: Metro, Calgary and Penang. Together they offer a range of 110 unique colourways, all available in sheet and tile and all complemented by 26 Artline borders. Flotex Colour ranges have no pattern repeats due to their Green Design.

flotex® linear

This collection presents a comprehensive choice of five linear designs in various colourways that complement commercial and educational environments, but also deliver playful effects for leisure, hospitality or retail spaces.

Flotex, more than any of our products, fulfils our ambition to contribute to creating better indoor environments by committing to the health and well-being of all individuals living and working in indoor spaces. Flotex achieves this through excellent hygiene and sound absorbing qualities, phthalate-free products, the certification by Allergy UK for the positive effects it has on allergy sufferers, and a wide range of stimulating designs and sympathetic colours which can create inspiring interiors.

FLOTEX COLLECTION AT A GLANCE

flotex® planks

The performance attributes of Flotex along with the design versatility of the Plank collection, make these modular floor coverings ideal for use in workspaces as well as high traffic areas such as call centres, hotels and transport hubs.

flotex® naturals

This special range of digitally printed Flotex delivers the appearance of a real wood floor but with improved acoustics and reduced maintenance costs.

flotex® vision

We've brought together an inspiring choice of over 500 digitally printed designs to suit every taste or requirement, right down to a 'colour on demand' option.

Flotex Inspired by Van Gogh 000944 | terrace at night

the Art of FLOCKING

Like a timeless work of art, Flotex flocked floor coverings are an excellent investment with a unique blend of qualities that will complement any project. Flotex will also retain its superior aesthetics for years to come. Choose from an array of stunning designs in our Vision or designer collections, or create your own masterpiece using our bespoke service.

What will you do with the freedom? Creatively Flotex will enhance any interior whilst our precision-driven manufacturing process ensures high quality and performance.

Flotex. The Art of Flocking.

How does Flotex compare to other textile floor coverings?

	Flotex	Loop pile carpet tile	Cut pile carpet tile	Needlefelt sheet
Durability	●●●●	●●●	●	●●
Cleanability	●●●●	●	●	●
Ease of installation (tile)	●●●●	●●●●	●●●●	●
Hygienic and 'Allergy UK' approved	●●●●	-	-	-
Impermeability (sheet)	●●●●	-	-	-
Repairs to damage	●●●	●●●●	●●	-
Impact sound reduction	●●●	●●●●	●●●●	●●●
Underfoot comfort	●●	●●●	●●●●	●

Flotex has a positive impact on the lives of allergy sufferers as daily vacuuming removes twice as many allergens compared to conventional carpets. That is why Flotex carries Allergy UK's Seal of Approval™.

Always flawless, so do your worst! Looking immaculate whatever comes its way, and designed to handle high traffic, Flotex flocked flooring really is a star performer.

With a 10 year guarantee, it's well suited to areas where durability and cleanability are essential. There's no need to decide between functionality or style, why not have both with Flotex? You'll be thanking your lucky stars you chose it!

Breathe easy in the knowledge you chose Flotex flocked flooring. With the prestigious Allergy UK Seal of Approval™, Flotex contributes to better indoor environments in which to live, work, learn and play.

Slip resistant and offering up to 20dB impact sound reduction, Flotex really is a reassuringly safe and sound flooring solution. All Flotex ranges are phthalate free and our sheet ranges, Colour and Linear have undetectable levels of emissions.

FLOTEX THE HIGH TECH TEXTILE

- Straight Nylon 6.6 fibres (flock) capture fine dust and allergens which are easily released when vacuumed
- 70 million fibres per m² deliver an extremely durable and slip resistant surface
- Cushioned backing provides comfort and acoustic performance
- Impervious backing makes Flotex suitable for mechanical wet cleaning
- Double strength glass fibre reinforcement results in excellent dimensional stability
- Flotex sheet contains up to 20% recycled content
- Flotex tile and plank contain up to 52% recycled content

THANK FLOCK IT'S FLOTEX

Flotex offers a completely different dimension in flooring as it combines all the hard wearing and durable characteristics of a resilient floor with the warmth and comfort of a textile floor covering. EN 1307, the European Standard which measures the performance of textile flooring, has recently annexed extra clauses to this standard to recognise that flocked floor coverings differ from textile flooring.

EN1307 annexe F – abrasion resistance

In this new standard, the pile surface of the flocked flooring is rubbed back and forth 1,000 times with a 2cm wide pointed metal blade loaded with a 2kg weight. The aim of the test is to establish the durability of the flocked flooring. At least 50% of the pile must be retained at the end of the test for the product to meet the standard's requirement. We test Flotex for 1,500 cycles and we achieve a much higher result than 50% of pile remaining.

Cleanability

Whether it's water soluble stains such as coffee, ketchup, cola, wine etc or a greasy stain like butter, engine oil or permanent marker, it can be removed from Flotex. Just visit www.forbo-flooring.co.uk/flotex and watch our 'Clean and Care' video to see how the floor below was quickly and simply cleaned to look just like a new floor.

FLOTEX COLOUR COLLECTION AT A GLANCE

flotex® colour

metro | metro neon

Flotex Metro is a versatile semi-plain design which covers a wide and modern colour bank including 8 statement neon colours. The understated pattern conveys texture without definite form, creating an authentic feel that is unique to Flotex. This collection lends itself to education, aged care or retail applications but will work in any location where a subtle textile look is desired.

flotex® colour

penang

Flotex Penang offers a stunning look for any modern environment. It creates a subtle linear effect and comes in a range of rich modern shades.

flotex® colour

calgary

Flotex Calgary offers a wide colour choice in a soft, natural design that works well in larger areas. The pattern can be easily combined with complementary Flotex or resilient ranges and is the perfect choice for application areas that require a muted ambience.

flotex® naturals

A special range of 9 flocked floor coverings that all deliver the appearance of a real wood floor. The range includes timber designs to suit everyone's needs and colour schemes, from beech and blackened oak to antique pine and european white wood.

flotex® artline borders

With Artline you are able to make borders, creative features and delineators between colourways or even different designs. Artline is available in 11cm or 22cm widths and matches the base shades of the various Flotex Colour and Linear designs.

flotex® colour

metro | metro neon

Flotex Metro is a versatile semi-plain design which covers a wide and modern colour bank including 8 statement neon colours. The understated pattern conveys texture without definite form, creating an authentic feel that is unique to Flotex. This collection lends itself to education, aged care or retail applications but will work in any location where a subtle textile look is desired.

There is no pattern repeat on Metro as this range has been designed with Green Design principles.

flotex® linear

integrity²

Muted colours, stylish design – Integrity² offers both. Create understated flooring designs using tessellation for this range. The effect is a subtle, sophisticated linear effect.

20

flotex® linear

complexity

Whether you choose the familiar tessellated style or the more unusual brick method, Complexity will add a striking and intriguing effect to any commercial space. The linear design has been created to sit alongside Integrity² for maximum flexibility.

20

flotex® linear

pinstripe

With its subtle, tailored design, Pinstripe can be installed brick, tessellated or half-drop to achieve very different aesthetic effects. This distinctive and versatile carpet tile is equally at home in offices, retail or leisure environments as it's a style that complements contemporary floor spaces, both large and small.

21

flotex® linear

stratus

The variety of installation methods available for Stratus opens up a huge number of flooring design options and, when used alongside colours from the contemporary Cirrus design, the creative options become almost infinite.

22

flotex® linear

cirrus

The Cirrus design is ideal for large scale installations and also offers a wide choice of fitting methods for additional flexibility. When used in combination with the Stratus design, colour coordinated solutions can easily be created.

23

Flotex planks Box-cross 133007 | granite

flotex® planks box-cross

With one design you can transform a space. With Box-cross every plank is unique, containing a pattern that subtly changes from cross to box, fading one into the other along the length of the plank whilst a diagonal texture plays across the width, blending the planks together.

flotex® planks concrete

A concrete look like never before. Highly detailed, warm and tactile but with the durability to rival a real concrete floor. Experiment with its four colourways to create a striking look or choose a single colourway for an urban, minimal aesthetic.

Flotex, more than any of our products, fulfils our ambition to contribute to creating better indoor environments by committing to the health and well-being of all individuals living and working in indoor spaces. Flotex achieves this through excellent hygiene and sound absorbing qualities, phthalate-free products, the certification by Allergy UK for the positive effects it has on allergy sufferers, and a wide range of stimulating designs and sympathetic colours which can create inspiring interiors.

FLOTEX PLANKS COLLECTION AT A GLANCE

flotex® planks

lava

Lava is all about texture and colour, giving you an opportunity to define space, highlight areas and explore creative design combinations in every way possible. From subtle shades to vibrant brights, Lava brings a palette of choice to the floor.

flotex® planks

seagrass

The ultimate playground when it comes to floor designs. Seagrass is happy when it is laid as herringbone or even double herringbone, but also as half-drop or weave. The creative options are almost limitless. Although the colourways have been designed to be easily combined, a single colour floor design looks equally sophisticated.

flotex® planks

triad

This pattern offers you the creative freedom to mix and match, combining colours and installation methods easily to customise your floor. It looks great laid half-drop, herringbone or weave and has a range of exciting colourways with highlight options. There's also a unique embossed version to add more texture and tactility to your floor.

flotex® planks

wood

A wood pattern on a textile floor? You will be amazed how good it looks and also how it feels and performs. Soft underfoot and without the disturbance of the noise of foot traffic, it's the ideal floor for busy spaces in offices, hotels rooms, public buildings and elderly care locations. It's a mindset change. Get the looks of real wood with the advantages of a textile floor.

the *Art of* FLOCKING

Flotex Vision offers a unique collection of over 500 digitally printed floor designs, ranging from florals and vibrant patterns to realistic images of natural materials.

With over 70 million fibres per square metre, Flotex has a highly dense pile so our unique digital printing technique can achieve an image quality of up to 650dpi – perfect for creating that ‘wow’ factor!

FLOCK ‘n’ Roll

Flotex is the ideal blank canvas for designers to create eye-catching flooring concepts. Our designer collection offers up to the minute artworks for the floor from world renowned designers. You can also create something bespoke for a truly individual solution from just 60m².

Creatively Flotex will enhance any interior whilst our precision-driven manufacturing process ensures high quality and performance.

What will do you with the freedom?

THE FLOTEX VISION **DIGITAL LIBRARY**

With over 500 individual items to choose from, plus the option to create your own colourway of several of the designs, or even a completely bespoke design, a sample book is never able to capture all the options that are available. Therefore Flotex Vision is available in a flexible and 'always up-to-date' online digital library.

The designs in Flotex Vision fall into seven broad categories, each of them representing a different design direction. New Flotex Vision designs will be regularly added to our online library which already contains over 500 different designs and colourways.

All the designs in our online Flotex Vision library are available from only 6m² and are all made to order. Lead time on request.

Here are our seven design directions:

Floral

A selection of eight floral designs, ranging from abstract, graphic flower motifs to romantic images of roses and butterflies. There are also flower designs that are ideal for children's nurseries. Each of the eight design types in this category is available in a variety of colourways.

Linear

Eight line or stripe designs, each with their own characteristics, ranging from muted and sophisticated colourways to very complex and multi-colour.

Shape

A collection of organic shapes and motifs delivering beautiful all-over patterns, including both contemporary and traditional designs.

Naturals

This collection offers photorealistic images of natural materials such as wood, stone, ceramics or cork floors. The design technology creates amazingly realistic floors but with the added benefit of improved acoustics, slip resistance and reduced maintenance costs. The Naturals collection shown on page 256 represents our stocked range of wood designs.

Pattern

The intricate play of networks and patterns creates a textured, non-directional visual. Each design in this category is available in a number of colourways.

Artist Collection

A range of six designs which are based on famous paintings by Van Gogh.

Image

This design category contains a wide variety of photographic images that have been transformed into interesting and unique floors. Grass, leaves, water drops, buttons or zebra skin are just some of the possibilities amongst the wide range of images.

GO ONLINE AND DISCOVER OVER 500 DESIGNS FOR YOUR FLOOR

Find your design in 5 easy steps:

1. Access www.forbo-flooring.co.uk/flotexvision
2. Click on the Flotex Vision Digital Library link
3. Choose your main design entry in the library (1 out of 8 entry options)
4. Choose the collection you like
5. Choose the colour you like... and order your sample online

Colour your vision

Simply click on the 'custom colouration' section on the Flotex Vision website and follow the simple online instructions www.forbo-flooring.co.uk/flotexvision

Note: The minimum order quantity for any Flotex bespoke order or recolouration is 60m².

FLOTEX USAGE CLASSIFICATION

As with any product, colour and design influence the appearance retention of the floor. Likewise, Flotex is able to “hide” any soiling or dirt to a greater or lesser degree depending on the base colour and the visual design.

Using European (EN) approved testing methodology we have graded every item in the collection on its ability to ‘hide’ general dirt or staining that occurs during normal use depending on the application. The result is a usage classification that can be referred to when taking into consideration such things as type and level of traffic in the chosen application area. The classification is shown alongside each colour and design in this brochure.

- Superior appearance rating
- Good appearance rating
- Moderate appearance rating

Vacuuming Flotex

Vacuuming conventional carpet

Cleanable surface finish

When prescribed cleaning procedures are followed, Flotex outperforms any textile floor covering in appearance. Its smooth upright nylon 6.6 fibres allow dirt to be easily removed. No dry dirt is trapped by any loops or twists (as can happen with standard carpet) and the vacuum action reaches the very base of the pile, meaning that all dirt is removed.

The vinyl base combined with the nylon 6.6 flocked finish allows the floor covering to be fully cleaned with water and detergents. Steam cleaning or mechanical cleaning methods can also be applied resulting in cleaner floors. Flotex is therefore the only truly waterproof textile floor covering which enables the floor to be restored quickly and easily even after heavy soiling.

flotex® artline borders

With Artline you are able to make borders, creative features and delineators between colourways or even different designs. Artline is available in 11cm or 22cm widths and matches the base shades of the various Flotex Colour and Linear designs.

Sheet Marmoleum

Forbo's sheet Marmoleum comprises 3 collections – Marbled, Solid and Linear.

Marbled

Taking inspiration from the natural world, and offering a spectrum of over 90 colours across the Real, Vivace and Fresco ranges, the Marmoleum Marbled collection combines both subtle and striking marbled effects to create a range that provides the perfect backdrop for any commercial interior.

Solid

These five individual finishes provide the foundation for creating pure, distinctive and modern spaces. The Solid collection combines contemporary styling with a versatility that enables designers to design an elegant, natural backdrop to any interior.

The new Marmoleum Solid Cocoa collection has been awarded the iF DESIGN AWARD 2017 and the 2017 FX International Design Award for floor coverings. The iF Design award was also given to the Marmoleum Striato collection on its launch in 2016. Marmoleum Cocoa and Marmoleum Slate, both from the new Marmoleum Solid collection, have also been awarded the 2017 Red Dot Design award.

Linear

Marmoleum Linear comprising Striato Original, Striato Textura and Striato Colour is known for its distinctive directional design which is complemented perfectly by its warm natural colour palette.

The two abstract embossed textures add tactility and bring the floor finishes to life.

With our Committed to the Health of One programme, we strive to create better indoor environments and Marmoleum is a prime example of this commitment. Naturally bacteriostatic, Marmoleum does not harbour allergens and holds the Allergy UK Seal of Approval™. It has extremely low VOCs contributing to positive indoor air quality and has high LRVs which help create positive environments in which to work, live and play. Marmoleum is also protected by a unique water based finish 'Topshield2' which ensures no hiding place for dirt or bacteria.

MARMOLEUM COLLECTION AT A GLANCE

Acoustic & Static dissipative

(Ohmex, Acoustic, Decibel)

In addition to our standard ranges, we also offer a number of linoleum floor coverings developed to meet specific technical or comfort requirements, including static control and sound reduction.

Tile Marmoleum

(Marmoleum Modular)

Comprising 6 distinct design ranges – Lines, Textura, Slate, Shade, Marble and Colour, the Marmoleum Modular collection offers 100 x 25cm planks and 50 x 25cm and 50 x 50cm tiles to allow complete design freedom.

Off the Floor Linoleum

(Bulletin Board)

Pinboard linoleum, or Bulletin Board, offers a practical, simple solution to collect and exchange thoughts and ideas wherever people plan, create and meet. Simply share your thoughts by pinning your idea onto the wall.

Off the Floor Linoleum

(Furniture Linoleum)

Furniture Linoleum is a decorative surfacing material that can be applied to vertical, horizontal and curved surfaces, providing interior furniture with a truly distinctive and individual look.

Marmoleum Modular Lines t3573 | trace of nature + t5237 | black sheep

Marmoleum is over 150 years old and is a natural floor covering that is associated with sustainability, durability, high quality and innovative design.

Discover the versatile world of Marmoleum with over 300 colours and more than 12 different structures to choose from, available in sheet and modular tile formats.

Marmoleum stands for versatility in application as well as in colour and design. What makes Marmoleum special is that it is created from 97% natural raw materials that give it its unique performance attributes.

Back to the floor

Through our Back to the Floor scheme, we can collect installation off-cuts from our Marmoleum floors and recycle them back into Forbo products at our plant in Kirkcaldy, Fife.

www.forbo-flooring.co.uk/backtothefloor

Infection control & Allergy UK

Independent testing by the University of Glasgow has proved that Marmoleum has a unique suitability for a diverse range of environments where hygiene and control of bacteria such as MRSA or E. coli is an everyday concern.

Marmoleum is also an Allergy UK approved floor covering.

For more information on infection control and Allergy UK visit

www.forbo-flooring.co.uk/marmoleum

Topshield2

All Marmoleum floors include Topshield2, a double UV-cured finish which is scratch and scuff resistant, easy to maintain and ensures a long lasting appearance retention.

Topshield2 is also naturally bacteriostatic, resistant to chemicals and hand disinfectants making it an ideal solution for all heavy traffic environments such as schools, healthcare, offices and public buildings.

Welding

In the majority of installations, Marmoleum does not need to be welded as it is completely dimensionally stable and will not shrink. However, if welding is the preferred option, there are matching welding cords for every Marmoleum design.

marmoleum® marbled

real | fresco | vivace

Presented in a vast array of colours, the Marbled collection brings together strong and subtle patterns that deliver all the beauty of natural marble and the understated hues of fresco murals.

Marmoleum Real – With its classic marbled structure, Real is an all-round reliable solution for all floor covering needs.

Marmoleum Fresco – A subtle marbled structure that is based on the fresco artwork of ancient times.

Marmoleum Vivace – A rich, vividly marbled structure delivered by mixing eight elegant colours yet retaining a predominant hue.

marmoleum® solid

Marmoleum Solid is a contemporary collection that fits perfectly with the desire for more solid visuals and raw tactility. With its variety of plain to semi-plain aesthetics, it provides a large choice of honest designs that give the collection a strong, modern, identity. Solid has been designed to combine beautifully with other natural materials such as wood, glass and metal.

marmoleum® cocoa

Marmoleum Cocoa, innovation that comes naturally

Marmoleum Cocoa embraces our ethos of sustainable design and is a truly new addition to the collection. By using a waste product from another industry we are collaborating to reduce waste, improve recycling and contribute to a better environment. By adding cocoa shells to the traditional Marmoleum ingredients we have created an innovation in construction and aesthetics. The result is a new and exciting surface texture that is both natural looking and contemporary in feel. The inclusion of cocoa adds a rich look that is fresh, modern and yet uniquely Marmoleum.

Ohmex Static Dissipative Linoleum meets the higher requirements for electrical conductivity.

Electrical resistance is improved to $< 1 \cdot 10^8$ (EN1081), ensuring personal safety and protecting equipment that is sensitive to static electricity. Marmoleum Ohmex, which is 2.5 mm thick, is available in four colours. Typical areas of use are computer/server rooms and areas with sensitive electrical equipment.

marmoleum® acoustic

Marmoleum Acoustic has a total thickness of 4mm and reduces impact sound by 14 dB (ISO 717-2).

It is a twinlayer linoleum built up from 2mm of Marmoleum and 2mm Corkment backing. Using Marmoleum Acoustic reduces installation costs as it can be installed in one go, avoiding the need to first lay Corkment and then Marmoleum. Marmoleum Acoustic is available in six colours.

marmoleum® decibel

Marmoleum Decibel is 3.5mm thick and provides an impact sound reduction of 17dB. The acoustic performance is achieved by laminating 2.5mm Marmoleum onto a 1mm thick layer of polyolefin foam.

Marmoleum Decibel is also available in all Marmoleum colours as a made-to-order item with an 17 dB impact sound rating. Please note that minimum order quantities and lead times will apply. Please contact Forbo Customer Service for more details.

marmoleum® modular

MARMOLEUM IN TILE AND PLANK FORMAT

Marmoleum Modular is a collection with a twist, offering over 50 colours and 3 different tile and plank sizes, that enable individual and sustainable flooring designs to be created. Similarly to Marmoleum Sheet, the Marmoleum Modular collection is split into six design styles – Lines, Textura, Shade, Slate, Colour and Marbled.

Marmoleum Modular Textura te5218 | Welsh moor

With our Committed to the Health of One programme, we strive to create better indoor environments and Marmoleum is a prime example of this commitment. Naturally bacteriostatic, Marmoleum does not harbour allergens and holds the Allergy UK Seal of Approval™. It has low VOCs contributing to positive indoor air quality and has high LRVs which help create positive environments in which to work, live and play. Marmoleum is also protected by a unique water based finish 'Topshield2' which ensures no hiding place for dirt or bacteria.

MARMOLEUM MODULAR COLLECTION AT A GLANCE

marmoleum® modular | lines

Bringing the linearity trend into the colour spectrum of the 21st Century, the new Marmoleum Modular Lines range features a palette of 11 striated colours – from cool whites and greys to warm and softer wood tones.

26

marmoleum® modular | textura

Reflecting both the warm and cool tones of natural wood, our wood grain and saw cut embossing effects bring another dimension to Marmoleum Modular.

27

marmoleum® modular | shade

The shade colourways are designed to complement each other and the palette is presented in delicate steps of colour intensity and hue to create natural realistic stone and concrete patterns.

28

marmoleum® modular | slate

Featuring a cool concrete palette with our unique slate embossing delivering a contemporary yet natural finish to floor design.

28

marmoleum® modular | colour

The Colour range features fashionable pastels alongside a modern mix of colourful concrete varieties and a full spectrum of bright warm colours which liven up the palette.

29

marmoleum® modular | marbled

Classic and contemporary marbled colours have been created to mix and match giving an extra dimension to your floor plan.

29

marmoleum® modular | lines

Lines: Bringing the linearity trend into the colour spectrum of the 21st Century, the new Marmoleum Modular Lines range features a palette of 11 striated colours – from cool whites and greys to warm and softer wood tones.

Plank size
100 x 25 cm

Available as 100 x 25cm planks, Marmoleum Modular Lines can be used on its own to striking effect or can be combined with elements from the Marmoleum Modular Textura, Colour, Shade, Slate or Marbled ranges to create truly unique flooring designs.

FORBO'S LINOLEUM BRAND

In addition to our standard ranges, we also offer a number of linoleum floor coverings developed for 'off the floor' functions.

Forbo's Furniture Linoleum Desktop is a natural surfacing material that delivers the finishing touch for all high end 3D furniture designs such as desks, chairs, stools, cabinets, doors and displays. The material is flexible and can be applied as a surface on all kinds of constructions. Furniture Linoleum is renowned for its elegance and durability, radiating high quality and finesse.

Bulletin board is a linoleum surfacing material with excellent pin-hole recovery making it ideal for use as a notice board.

Bulletin Board 2162 | duck egg

With our products we aim to create better quality interior environments for people to live and work. In the case of Furniture Linoleum this is created through high quality furnishing that is natural, hygienic, low emitting and a pleasure to touch and use.

Bulletin Board is a pin-board and wall covering solution that is created from natural and renewable raw materials that make a bacteriostatic finishing material. It's phthalate free and does not attract dust helping to create a hygienic environment.
