## At Karndean we see flooring differently...

We travel the world in our quest to bring you exceptional floors that inspire and delight. From the ancient forests of Europe, to the remote Australian outback and beyond, we seek out expressive and intriguing forms in the natural world to influence our unique floor designs.

By combining these original features with cutting edge design, we create simply beautiful floors that you'll love for a lifetime.

# Why Karndean?

185PIRATI

All Karndean floors have these benefits...

Our products are softer and warmer underfoot than natural wood and stone flooring.

#### Environmentally friendly

All Karndean floors are 100% recyclable and environmentally friendly.

#### Durable

Unlike other flooring alternatives, Karndean gives you the look and feel of natural products but with the durability and resilience of luxury vinyl.

### Lifetime guarantee

Designed to give you peace of mind, every Karndean floor is guaranteed to last for years to come.

#### Waterproof

Karndean's waterproof floors stand up to spills of all sizes and won't swell, crack or warp when wet.

#### Hygienic

Unlike carpets, our floors don't hold dust, dirt, pollen or other allergens.

From muddy paw prints to household accidents and anything in-between, Karndean's low-maintenance floors are designed with pets in mind.

#### Easy to clean and look after

A sweep and mop with Karndean Clean is all you need to keep your Karndean floor looking great.

#### Child friendly

Karndean floors offer children a safe and comfortable space to play, and parents a durable, easy-to-clean surface.

Quiet compared to other hard floors Karndean is quieter underfoot compared to most hard flooring alternatives.

#### Compatible with underfloor heating

For added warmth, Karndean is perfectly suitable for underfloor heating systems up to 27°C.

#### K-Guard+

We use K-Guard+ surface technology for scuff and stain resistance ensuring there is no need to apply an additional surface treatment following installation.

#### Realistic wood and stone designs

Inspired by nature, our products are designed in-house and realistically replicate the look and feel of real wood and stone materials.

Resists indentation All Karndean floors stand up to the impact of day to day life.

### 8 About us

# Product overview

### We offer three types of product:

gluedown, loose lay and rigid core.

### Gluedown

Individual tiles and planks are stuck down using adhesive.

Professional installation required.

Range of price points to suit different budgets.

Subfloor must be dry, smooth and flat.

Personalise with design strips and borders.

No expansion gap required.

Available in a wide range of designs, colours, textures and formats.

### Loose lay

A new floor in less time. Quick and easy to install.

Suitable for upstairs rooms by reducing noise transfer by 13dB.

Minimises disruption by installing over most hard subfloors.

Suitable for damp subfloors found in some new builds and extensions.\*

### **Rigid core**

A new floor in less time. Quick and easy to install.

Minimises disruption by installing over most uneven subfloors.

HoldFast Lifetime Warranty with 5G click-locking system.

Suitable for damp subfloors found in some new builds and extensions.\*

Suitable for upstairs rooms by reducing noise transfer by 19dB.

Enables preservation of existing floor.

# Ourranges

### The right look for every room

We know that style is personal and every space is different. To help you find the right floor for your home, see what each of our ranges have to offer:

	Wood	Stone	Thickness	Wear layer	
Art Select	$\checkmark$	$\checkmark$	3.0mm	0.7mm	Lovingly created to reflect the natural materials that inspired them. These planks and tiles give you timeless craftsmanship at your feet.
Da Vinci	$\checkmark$	$\checkmark$	3.0mm	0.7mm	Smooth slender planks and richly textured tiles with a modern twist. Bevelled edges create distinct definition.
Michelangelo		$\checkmark$	2.5mm	0.55mm	Make a statement with mosaics, metallics or soft contoured pebbles. Unique and character-packed surfaces.
Van Gogh	$\checkmark$		3.0mm	0.55mm	The authentic and natural character of real timber in a range of natural and weathered looks.
Opus	$\checkmark$	$\checkmark$	2.5mm	0.55mm	A selection of minimalistic wood, stone and abstract designs in a neutral colour palette.
Knight Tile	$\checkmark$	$\checkmark$	2.0mm	0.3mm	A range of fresh and vibrant contemporary and traditional wood and stone looks.
Kaleido SCOPE	$\checkmark$	$\checkmark$	Various	Various	Add impact with a wide array of hues, shapes and patterns including cubes, hexagons, chevrons and woven designs.
Heritage Collection		$\checkmark$	2.5mm	0.55mm	Designed to give the opulent look of classic geometric tiles, from striking monochrome designs to beautifully blended traditional patterns.
Karndean LooseLay	$\checkmark$	$\checkmark$	4.5mm	0.55mm	A wide range of textured wood and stone designs, with realistic grains and textures. Innovative friction grip backing holds the product in place.
Korlok	$\checkmark$		6.5mm	0.55mm	Contemporary woods featuring a natural texture with matte finish and subtle bevel. Click-locking with built in acoustic underlay.

Portland Stone STI3 - page 122

### Inspired by French oak...

Art Select

10

French oak has been long-established as a popular choice of flooring. Inspired by wood sourced from European forests, French oak boards are recognisable for their clean, natural designs and with recent interior design trends calling for neutrals and pastels, our designers have kept the colour tones in line with this.

A single-smoking process enhances the smooth, flowing grain variation which creates a beautifully tonal floor. Our designers went for a matte finish which further enhances the subtle tonality of this beautiful wood.

Our latest oak designs have been created in a large 56" x 9" plank and 18" x 3" parquet format, ideal for zoning within large open plan spaces.

Inspired by reclaimed American chestnut...

Art Select

Salvaged from the floor joists, granary boards and roof rafters of traditional American barns and factories, the wood ranges widely in colour from lights browns to a dark chocolate.

The original boards that our designers recovered on a trip to a reclamation yard in Ohio, featured an array of cracks, worm holes and blemishes which were the result of dehydration, beetle infestation and weathering. It was immediately clear that these boards would make a fantastic floor with the contrast of the wood's attractive grain structure and the nail holes and raft marks from previous use. Typically left unpolished for its eclectic, rustic appearance, the American chestnut creates a striking and unique floor design. Our subtle matte finish replicates the original unpolished boards.

Reclaimed Chestnut RPL-EW21 - page 49

Inspired by Victorian grandeur...

Collection

The new Heritage Collection features a range of exquisite designs inspired by the architectural tiled floors of grand Victorian and Regency villas and townhouses. The Heritage Collection is ideal for recreating the original character of elegant period interiors or for a contemporary statement look, the new collection features four tile patterns in a tasteful mix of shades that can be used to create a totally individual look. The Heritage Collection reinvents historical style with all the benefits of luxury vinyl tiles, offering a practical choice for an on-trend, modern floor.

If you are looking for something completely different, look to our Kaleidoscope range. Kaleidoscope by Karndean Designflooring features a wide array of hues, shapes and patterns including cubes, hexagons and woven designs, all carefully crafted by our in-house product designers to offer 3D impact, movement or visual contrast.

Designed to give the opulent look of classic geometric tiles, the Heritage Collection features striking monochrome designs to beautifully blended traditional patterns, the collection reflects both the classic elegance of historic homes and the boldness of contemporary trends. Ideal for recreating the original character of elegant period interiors or for a contemporary statement look, the collection features a tasteful mix of shades that can be used to create a totally individual look.

# Karndean in the Kitcher

The kitchen is the hub of the home and without a doubt the room where your floor works hardest. From accidental food and drink spills to the hustle and bustle of rushed mornings, parties and gatherings, your kitchen floor has to put up with a lot. A Karndean floor in your kitchen not only looks great, it's also easy to clean and hygienic.

Durable

Classic Oak VGW86T - page 88

# Karndean in the Bathroom

Karndean Designflooring is warm underfoot and waterproof, making it ideal for your bathroom. With Karndean, you can achieve the look you want but without the practical limitations of natural stone and wood, meaning your bathroom floor will remain in great condition for many, many years to come.

S

念

### Why Gluedown?

Our gluedown ranges offer our widest choice of colours and formats. Features such as textured emboss or our premium handscraped finish, wide bevels or flat edges make each range unique to Karndean and serve to highlight the faithful replication of the original wood and stone that inspired each of our products.

## What is Designflooring?

The beauty of Karndean is that you can take any of our products and, with a little imagination, create your own design within minutes.

When deciding which Karndean flooring you want to use, the advice we always give is to make sure you consider what is going to tie everything together and make most of the space. Look at the cabinets, the wallpaper, countertops, furniture and use these different elements to help you to decide which type of flooring is going to look best.

See page 131 for our fold-out guide to **Designflooring Components**.

# Wood

Let's look at one of our Da Vinci wood products, RP41 Australian Walnut

You can simply lay it straight to create a traditional plank floor ...

> Or try a twist and lay it on a 45 degree diagonal...

Perhaps add a design strip to frame the edges of your room ...

Or add a border for that wow factor...

# Stone

Using one of our Knight Tile stone products, **ST14 Cumbrian Stone** 

Tíles can be laíd dírectly edge-to-edge for a full stone effect...

Either in a brick bond pattern ...

Or add a design strip for a grout effect.

Or create a herringbone pattern...

Add a border to complete the look.

### Take the example of a kitchen installation

### The first decision is: WOOD or stone?

If your countertops are wood butcher block, you could opt for a wood design in the same shade or a contrasting shade. However, in this case, as there is a lovely mottled cream and grey granite to work with, we felt that stone was the way to go.

# Next we needed to pick our main floor tile

and for this kitchen we decided on Knight Tile's Portland Stone as it highlighted the robin's egg blue of the cabinets and the grey and black specks in the countertop. Visually, the rectangular shape helps to make the space look wider.

Once the main floor is chosen you can then start the fun part of choosing your

### design components.

As this is a stone design, we first considered whether or not we wanted to add a strip. You can go without, however a strip makes more of a statement so we definitely wanted one.

We narrowed it down to three: DS15 Clay, DS16 Charcoal and DS10 Chalk.

We decided on DS10 as it is smooth with minimal texture and the white gives a clean and minimalistic finish to the floor. You could lay the floor straight with the strip.

But for this floor we went for a brick laid - effect to add more visual interest in the space.

With Karndean it's not just about laying the floor, but also how you design it. Just by reading the space and paying attention to detail, it's easy to create a stylish look that is unique to your home.

Full of charm and character, our premium Art Select wood collection brings the natural beauty of real wood to life in your home.

Through meticulous attention to detail and careful selection of some of the most beautiful and inspiring natural woods, our Art Select wood collection includes our most intricate designs and realistic embosses. Each plank is handcrafted to reflect the unique grains, knots and textures of natural wood, but unlike real wood, we're able to design a floor that's not only beautiful and realistic, but is also practical.

Everything that a beautiful wood floor should be, and so much more, each of our Art Select woods tells its own story.

> Art Select Wood

# Art Select Parquet

Inspired by traditional parquetry, we've taken classic parquet and crafted a collection that will transform any room in your home with our most intricate and elegant oak designs. Charming and sophisticated, our parquet flooring can be arranged in a variety of patterns. Make the most of open plan living spaces and 'room to room' layouts by teaming our stunning Art Select Parquet designs with their matching full length planks.

Art Select

For a full **Product overview** of Art Select Wood, see page 188. See page 131 for our fold-out guide to **Designflooring components** to create your own designflooring style

**Comfortable underfoot** Our products are softer and warmer underfoot than natural wood and stone flooring.

Art Select

# Art Select Oak Royale

Inspired by the natural warmth of traditional oak flooring, our Oak Royale collection is one of a kind, featuring an array of realistic grains and wide range of colour hues. This beautiful collection offers some of our most intricate designs featuring realistic grain and knot details and a gently rippled hand-scraped texture, to create a truly authentic look.

## Art Select Handcrafted

Our Handcrafted collection features three designs in warm and inviting finishes. Our original hickory planks have been delicately created with a registered emboss to follow the exact grain and knot details of the design. Our classic hickory design features intense colour variation, while an exclusive emboss reproduces the characteristic saw marks and texture of the original planks. Faithfully replicating the unique array of cracks and blemishes of aged timbers, our Reclaimed Chestnut design has a subtle matte finish for an eclectic, rustic appearance.

For a full **Product overview** of Art Select Wood, see page 188. See page 131 for our fold-out guide to **Designflooring components** to create your own designflooring style.

Reclaimed Chestnut EW21

#### Lifetime guarantee

Designed to give you peace of mind, every Karndean floor is guaranteed to last for years to come.

Effortlessly stylish and one of a kind, our premium Art Select stone collection brings the natural beauty of travertine, slate, marble and limestone to life in your home.

Expect our most authentic designs and realistic embosses, handcrafted to reflect the unique patterns and textures of real stone.

Precious and individual, each of our Art Select stones tells its own story.

### Art Select Stone

## Choosing design components

### Decorative borders

We offer a wide variety of border designs in a selection of colours. These designs often feature two colours, one in the same as the main floor you've chosen, which is used in the main pattern, and another contrasting colour, which acts as the background of the design. We also have two new border designs, Accent and Quadrant, which are made from just one product, playing with texture and bevels rather than colour, for a more seamless, contemporary look.

Some products have multiple borders available, so use the colourful range key and product code listings on the following pages to discover all of your options.

Using design strips to create a border is also a popular way to frame your room. Use three or more strips to create a tramline border or keep it simple by using just one strip as a keyline border. Our brochure has examples throughout of how design strips can be used by themselves or in multiples to add a border around the room.

Don't worry if you can't find a pre-designed border to match your chosen floor; we also offer a custom design service if you would like a design in a colour not shown.

### Design strips

Design strips are narrow pieces of luxury vinyl tile which can be put between our planks and tiles. They allow you to finish off the design of your floor with some realistic touches, such as adding a strip to create a grout effect between tiles, or between planks for a ship's decking effect (example on page 93).

Design strips are available in a variety of colours and widths. The wider the strip, or bolder the colour, the more impact it will have and the beauty of our strips versus real grout is that they won't stain or fade and they don't have to be sealed.

The choice of colour is completely up to you. You may want to choose a design strip in a colour that matches the wall tiles in your bathroom, for example, to help tie in elements that are already in your room to your new floor. Alternatively, you could choose a colour which helps the overall look of your floor feel either more contemporary or more traditional, enhancing the design of the product you've chosen.

### Design features

We also offer eight pre-designed features that can be combined with the majority of our floors to add a statement centrepiece to any room. See page "Your guide to" on page 132 for details.

## Your guide to design strips

\* Due to Art Select and Da Vinci's bevelled edge, these strips can only be used between planks or tiles and not along a cut edge. \*\* Only available for use in borders. Please note, these strips are bevelled. We offer a range of design extras to allow you to add your own Designflooring inspiration to your floor. Throughout this brochure you will find examples of ways to use design strips, borders and features, to help create your own unique space.

This fold-out guide allows you to browse the brochure and view available design options at the same time, to help you decide which design strip and/or border will work best for you.

Some of our products are only available with certain design strips. This is because our products come in different thicknesses, so you need a design strip which matches the depth of the product.

The colourful key above each section of the fold-out refers to the product range the strips are available in. To find out if the product you are looking at will work with the design strip, match the colour of the range logo on the product page to the icon next to the design strip.

For more information and guidance about the numerous design options you can add to your space, or our custom design service, please speak to your nearest retailer.

Visit www.karndean.com/far and enter your postcode, or call our team on 01386 820200.

#### Tips

- Lay planks on a 45 degree angle, or tiles in a diamond formation, to make narrow spaces such as hallways or bathrooms feel wider.
- Choose a contrasting strip colour to make the design of the product stand out.
- For more of a subtle addition, use a design strip in a similar colour to the main floor, but play around with laying patterns, letting design rather than colour become the feature.
- Borders don't have to just go around the edge of a room. Try using them in a large space or hallway to create the effect of a rug, with the border acting as the edge of the rug, or by placing it around a feature in the room, such as a kitchen island.

### **Designflooring components** (Fold-out guide)

# Your guide to design features

### 1: Pick your favourite from our standard feature designs

#### 2: Choose your own colours

We recommend you make the background colour of your chosen feature the same as your floor, then choose remaining colours to coordinate with the finishes in your room.

#### 3: Decide on a size

You can select the size of your feature to fit perfectly into any shape of room. Our features come in a standard 36" size, but can be scaled up or down to suit. Talk to your local retailer who can advise you on getting the right size for your space.

### Looking for a bespoke design?

If you're looking for something a little bit different, you can design your own unique feature. Speak to your nearest retailer for help creating a truly custom floor for your home.

Canberra LM06 with DS10 3mm design strip and Nexus feature using Canberra LM06, Caldera LM08 and Luna SPIII

Our Kaleidoscope can help you achieve 3D impact, movement and visual contrast, allowing shapes and patterns to work in both small and large spaces alike. Each geometric floor has been cleverly cut from our authentic wood and stone designs.

Designed to give the opulent look of classic geometric tiles, the Heritage Collection features striking monochrome designs to beautifully blended traditional patterns, the collection reflects both the classic elegance of historic homes and the boldness of contemporary trends. Ideal for recreating the original character of elegant period interiors or for a contemporary statement look, the collection features a tasteful mix of shades that can be used to create a totally individual look.

For a sophisticated finish around the edge of the room, why not choose a coordinating diamond decorative border? **Clifton** is a timeless, classic pattern using square and triangular tiles to create a star and square effect. A pattern that looks stylish in traditional black and white, Clifton also offers calm neutral combinations in taupe or dove grey, or a contemporary mix of dove grey and azure blue shades balanced with soft-white and black highlights.

To view the full range of colourways available in the Clifton design, see page 195.

Lifetime guarantee

Designed to give you peace of mind, every Karndean floor is guaranteed to last for years to come. **Mayfair** is a traditional pattern frequently found in the entrance halls of Victorian homes and is offered in a classic colour combination of blue and terracotta or as a modern interpretation with a combination of shades of blue, crimson and gold.

To view the full **range of colourways** available in the Mayfair design, see page 195.

**Lansdown** presents a clean and contemporary grid effect which looks stunning in a simple yet elegant black and white pattern or highlighted with a bold blue or green inset. For a more modern look, a softer, understated option is offered in a combination of dove grey and white.

For a sophisticated finish around the edge of the room, why not choose a coordinating brick decorative border?

To view the full **range of colourways** available in the Lansdown design, see page 195.

#### Sample Service

**Can't decide?** Try a sample in the comfort of your own home. Order online or visit a retailer or our showroom to pick out your favourites. See page 184.

The opulent **Montpellier** mixes octagonal tiles with square insets in a contrasting shade for a neo-classical style. Presented in eight suggested colourways, traditional colours such as terracotta, black and white are combined for a classic look, or offered in a statement design with contemporary grey, pink, blue or taupe shades. For full selection see page 195.

To view the full **range of colourways** available in the Montpellier design, see page 195.

# Loose lay

Our loose lay range, Karndean LooseLay, features our K-Wave friction grip backing which helps hold the product in place. It creates a strong bond to the subfloor using a combination of weight and friction. Perfect for temporary and permanent use, Karndean LooseLay is ideal if you are interested in changing out the flooring frequently or want to reduce sound passing to the room below. What's more, it's quick and easy to install.

Our Karndean LooseLay wood collection features a wide-ranging palette of colour, such as the distressed, grey hues of Hudson, the deep chocolate tones of Dover and the vibrant copper tones of Winchester. Choose from traditional oak looks, contemporary blends and exotic species, all with our K-Wave friction grip backing that makes Karndean LooseLay unique.

# Rigid core

Installs over most existing hard floors

### Why Rigid core?

Korlok, our rigid core range, is ideal for installations where acoustics, uneven subfloors or preservation of existing hard floors need to be considered. Its 5G locking mechanism allows for quick installation and the pre-attached backing means no separate underlay is required.

A new floor in less time. Quick and easy to install.

Minimises disruption by installing over most hard subfloors.

HoldFast Lifetime Warranty with 5G click-locking system.

Suitable for damp subfloors found in some new builds and extensions.\*

Suitable for upstairs rooms by reducing noise transfer by 13dB.

Enables preservation of existing floor.

\*Subfloors with relative humidity of up to 95%

#### Korlok's construction

Our Korlok range features 1420mm x 225mm (56" x 9") planks with proprietary K-Core technology, a 5G locking mechanism and a specially formulated acoustic backing.

Together these layers form a product that is strong and stable, and able to be installed quickly and easily over most existing hard floors, as well as over imperfect subfloors. Korlok offers impressive acoustic benefits in reducing noise transfer to rooms below.

# Sample service

At Karndean, we know how important it is to help you visualise what your floor will look like with your walls, furniture and accessories, so use our sample service to help.

#### Order a selection of chip samples

Order six free chip samples to help narrow down your choices. These small samples are particularly helpful especially if you're looking to create a moodboard of ideas to get started.

# Why not take advantage of our full-size sample service?

If you've narrowed your choice down to a few designs, and you're looking to get an idea of how each design will look in your room of choice against furniture and fabrics, our full-sized samples will guide you in making your decision. Visit **www.karndean.com/samples** to order today.

# Online tools

We have worked hard to develop useful digital tools to allow you to narrow down your colour choices and help you visualise what your floor will look like in your own home.

#### Style Finder

Our Style Finder tool is designed to help you narrow down your choices when choosing Karndean Designflooring for your home. Answer a few simple questions, and based on your answers, we will narrow down our products to show you our top picks for your next project. Or take a look at our Product Selector app, that contains our whole product range.

#### Moodboards

Our new Moodboards tool allows you to create personal moodboards with links to your favourite products, images and posts to look back on later or share with family and friends.

#### Floorstyle

Our Floorstyle Floor Designer tool contains our entire catalogue of products. You can select your favourite designs and see them in a variety of typical room settings. Floorstyle also allows you to change angles and laying patterns, add grout effect strips to the design, compare floors side beside, and also share your creations.

See it in your own home

If you'd like to see what your favourite floors look like in your very own home, try our Augmented Reality App. Our clever app allows you to place any selected Karndean flooring in your home so you can see what it would look like in-situ.

### Find your local Karndean retailer and create a simply beautiful floor you'll love for a lifetime

You will only truly appreciate the stunning beauty of a Karndean floor by seeing it in-person. We support a network of over 2,000 independent retailers across the UK and Ireland, where you'll be able to do just that, as well as receive expert help and support when choosing and installing your dream floor. To provide complete peace of mind, Karndean products purchased through these retailers will receive our marketleading lifetime guarantee.

Use our online search facility to find your nearest Karndean Retail Partner **www.karndean.com/findaretailer**.

#### Why not visit our Design Showroom?

Based at our headquarters in the beautiful Vale of Evesham, we always have the latest products on display, with over 500m<sup>2</sup> of ideas and designs to inspire you.

As well as seeing the full range of **Karndean Designflooring**, you can speak to our trained advisors, use our design tables to try out your design ideas and take away full sized samples with you. We even have a children's area if you want to bring them along on your visit.

A Karnda

## Transferable Purchase Guarantee

All Karndean floors come with a lifetime guarantee giving you peace of mind that it will last for years to come.

If you purchased your Karndean Designflooring through a Karndean Retail Partner your guarantee will have the added benefit of it being transferable. This means that if you sell your house within your guarantee period, you can pass the guarantee on to the new owners.

#### Cleaning and maintaining your Karndean floor

Karndean Designflooring is hardwearing and easy to look after. Our K-Guard+ surface treatment helps protect against everyday wear, spills and scuffs. This makes it easier to maintain, giving you peace of mind that your Karndean floor will look great for years to come.

We have a dedicated section on the website with videos which explain how best to look after your Karndean floor and covers lots of frequently asked questions from our customers. Visit **www.karndean.com/cleaning** for more information.

> We also have our own Floor Care Kits that can be ordered from your local retailer, or on our website which include everything you need for a simple cleaning routine.

#### Inside your Floor Care Kit

Regular cleaning with a pH neutral cleaner such as Karndean Clean will help keep your floor at its best.

Over time you may want to treat your floor to some extra care. We recommend every six to twelve months, depending on wear, that you strip and refresh your floor using Karndean Remove and Karndean Refresh, to further enhance its look and durability.

## Art Select Wood
