## THE VISPRING OTTOMAN

Fusing functionality with a contemporary aesthetic, the brand-new Ottoman divan from Vispring features an end-opening that lifts up, with the help of gas struts, to reveal ample storage space. It is an ideal divan for those where extra storage is an absolute must.

# WORKS IN HARMONY WITH YOUR MATTRESS

The Ottoman divan is constructed using carefully nested pocket springs in a sustainable timber frame that create a responsive layer that works in harmony with the mattress above. Every Ottoman is made to order and can be personalised with a hand-upholstered headboard and fabrics from the Vispring Timeless Collection.
